§ 1.52-3 Limitations with respect to certain persons.

(a) *Mutual savings institutions.* In the case of an organization to which section 593 applies (that is, a mutual savings bank, a cooperative bank or a domestic building and loan association), the amount of the targeted jobs credit (new jobs credit in the case of wages paid before 1979) allowable under section 44B shall be 50 percent of the amount otherwise determined under section 51, or, in the case of an organization under common control, under § 1.52-1 (a) and (b).

(b) *Regulated investment companies and real estate investment trusts.* In the case of a regulated investment company or a real estate investment trust subject to taxation under subchapter M, chapter 1 of the Code, the amount of the targeted jobs credit (new jobs credit in the case of wages paid before 1979) allowable under section 44B shall be reduced to the company's or trust's ratable share of the credit. The ratable share shall be determined in accordance with rules similar to the rules provided in section 46(e)(2)(B) and the regulations thereunder. For purposes of computing the ratable share, the re-

(c) *Cooperatives*—(1) *Taxable years ending after October 31, 1978.* For taxable years ending after October 31, 1978, in the case of a cooperative organization described in section 1381(a), rules similar to rules provided in section 46(h) and the regulations thereunder shall apply in determining the distribution of the amount of the targeted jobs credit (new jobs credit in the case of wages paid before 1979) allowable to the cooperative organization and its patrons under section 44B.

(2) *Taxable years ending before November 1, 1978.* For taxable years ending before November 1, 1978, in the case of a cooperative organization described in section 1381(a), the amount of new jobs credit allowable under section 44B shall be reduced to the cooperative's ratable share of the credit. The ratable share shall be the ratio which the taxable income of the cooperative for the taxable year bears to its taxable income increased by the amount of the deductions allowed under section 1382 (b) and (c). For purposes of computing the ratable share, the reduction of the deduction for wage or salary expenses under § 1.280C-1 shall not be taken into account.

§ 1.53-2 Carryback and carryover of unused credit.

(a) *Allowance of unused credit as a carryback or carryover—(1) In general.* Section 53(b) (formerly designated as section 53(c) for taxable years beginning before 1979) provides for carrybacks and carryovers of unused targeted jobs credit (new jobs credit in the case of wages paid before 1979). An unused credit is the excess of the credit determined under section 51 for the taxable year over the limitation provided by § 1.53-1 for such taxable year. Subject to the limitations contained in paragraph (b) of this section and paragraph (f) of § 1.53-3, an unused credit shall be added to the amount allowable as a credit under section 44B for the years to which an unused credit can be carried. The year with respect to which an unused credit arises shall be referred to in this section as the “unused credit year.”

(2) *Taxable years to which unused credit may be carried.* An unused targeted jobs credit (new jobs credit in the case of wages paid before 1979) shall be a new employee credit carryback to each of the 3 taxable years preceding the unused credit year and a new employee credit carryover to each of the 15 taxable years succeeding the unused credit year. An unused credit must be carried first to the earliest of the taxable years to which it may be carried, and then to each of the other taxable years (in order of time) to the extent that the unused credit may not be added (because of the limitation contained in paragraph (b) of this section) to the

amount allowable as a credit under section 44B for a prior taxable year.

(b) *Limitations on allowance of unused credit—(1) In general.* The amount of the unused targeted jobs credit (new jobs credit in the case of wages paid before 1979) from any particular unused credit year which may be added under section 53(b)(1) (section 53(c)(1) in the case of a new jobs credit) to the amount allowable as a credit under section 44B for any of the preceding or succeeding taxable years to which such credit may be carried shall not exceed the amount by which the limitation in § 1.53-1 for such preceding or succeeding taxable year exceeds the sum of (i) the credit allowable under section 44B for such preceding or succeeding taxable year, and (ii) other unused credits carried to such preceding or succeeding taxable year which are attributable to unused credit years prior to the particular unused credit year. Thus, in determining the amount, if any, of an unused credit from a particular unused credit year which shall be added to the amount allowable as a credit for any preceding or succeeding taxable year, the credit earned for such preceding or succeeding taxable year, plus any unused credits originating in taxable years prior to the particular unused credit year, shall first be applied against the limitation based on amount of tax for such preceding or succeeding taxable year. To the extent the limitation based on amount of tax for the preceding or succeeding year exceeds the sum of the credit earned for such year and other unused credits attributable to years prior to the particular unused credit year, the unused credit from the particular unused credit year shall be added to the amount allowable as a credit under section 44B for such preceding or succeeding year. If any portion of the unused credit is a carryback to a taxable year beginning before January 1, 1977, section 44B shall be deemed to have been in effect for such taxable year for purposes of allowing such carryback as a credit under section 44B. To the extent that an unused credit cannot be added for a particular preceding or succeeding taxable year because of the limitation contained in this paragraph, such unused credit shall be available as a carryback or
